PROMOTIONAL PRODUCTS

senator® have been manufacturing pens at our technology plant in Groß-Bieberau for almost **100** years.

Every working day over one million pens across 42 fully-automated injection moulding machines are expertly produced.

24/5

DID YOU
KNOW?

100% GREEN ELECTRICITY

is used at our manufacturing plant which is powered using hydro-electric power generated by the local River Main.

RE-USE & RECYCLE

ECO

100% of our production waste is either reused or recycled.

We re-grind the injection sprue and any remaining plastic during the production of our products to be used again for inner parts, or as raw material for other processes. Our solvent-based refuse is used as a substitute fuel.

TRUSTED MANUFACTURER

We supply an extensive range of industries from automotive to pharmaceutical, legal and more; some of which are listed on rankings like the Fortune Global 500 and the Financial Times Global 500.

In fact, we are trusted to produce for the world's top 10 brands.

DID
YOU
KNOW?

Year-on-year pens top the list of promo items.

There is not a desk in the world without a pen - they are a cost effective, usable and portable promo product, suitable for all target markets, with increasingly sophisticated printing techniques.

DID
YOU
KNOW?

Our bio ranges are made from sugar cane which can produce up to double the amount of raw material and uses much less water than the more commonly used maize. All of our pens contain genuinely part recycled material. Our Super Hit Recycled pen contains 95%.

BIO
MATERIAL

DID
YOU
KNOW?

You can sign your name over **11,000** times with the Magic Flow G2 refill in a senator® pen, which lasts on average 16 times longer than a Far East pen.

BEST IN CLASS PRINT

senator® is the only promo pen company with a purpose built printing facility. **Our high class branding ensures quality durable advertising, guaranteed to last the lifetime of the pen.**

CONTINUITY

Because we are a manufacturer, not a generalist, repeat orders with the same **high-quality results can be continuously achieved** by using high-quality materials and exacting standards.

COMMUNITY

senator® has been a long standing advocate of improved learning for people of all ages and abilities through its global partnership programmes. senator® and its employees actively work with local charities in order to make a positive difference.

CERTIFIED SAFE

senator® are SMETA '4-pillar' audited and certified and a founding BPMA Charter supplier. All of our claims are supported by certification, including Sedex, REACH, BSCI, ISO 9001 & 14001.

SMETA

CARBON FOOTPRINT

100% of the component parts of our plastic pens are non-airfreighted from Germany, keeping our carbon footprint to a minimum.

1. QS01 PRP Prodir Ball Pen

E90901

QS01 The Pattern Pen. A fascinating triangular structure characterizes the casing surface of the QS01 with either curved or flat clip. The pattern is introduced in the injection moulding into the surface of the casing and is an authentic part of the writing instrument. The smooth, minimalistic clip is located above the casing and, in combination with the three-dimensional surface, strongly draws attention to the logo. With every movement and every change of light, the faceted surface structure presents itself differently to the eye, over and over again. Available in 11 colours. Also available in matt finish. Metal Clip & button available at extra cost.

MPA (mm)	500	£2.34	
Clip: 36x7	1000	£2.00	
	3000	£1.78

2. QS03 PRP Prodir Ball Pen

E90902

The casing of the new QS03 is structured like tyre tread. The Soft-Touch version is particularly effective for giving an authentic tyre tread feel. The tyre tread pattern is injection-moulded into the casing and the option of either the curved or flat clip. A metal clip & push button adds an extra automotive feel at an additional cost. Available in matt Black or black Soft Touch and we will mix custom (tread) colours for orders of 5,000 units and over. The polished clip can be printed with up to six colours.

3. QS04 PPP Prodir Ball Pen

E90903

The iconic honeycomb structure characterises the casing surface of the QS04. The haptic experience and look are one. The unmistakable pattern is introduced into the injection moulding of the casing. Available with either curved or flat clip. The QS04 is available in six polished standard colours, two with polished clip / push button, as well as four with transparent clip / push button. Velvety Soft Touch surface also in five colours, metal push button also available at extra cost.
